General Practice Solihull

Collaboration between Tanworth Lane and Village Surgeries

GPS Healthcare has decided to change the way of working across their Tanworth Lane and Village Surgeries. As from 7th August 2017 we will provide an improved, sustainable, varied and safe service to our patients across both sites. There will be more collaboration and support between the 2 sites giving patients access to a range of appointments and clinicians.

Clinicians who will be available to be seen at both sites at various times during the week:

- Doctor
- Advance Nurse Practitioner
- Nurse
- HCA

Benefits:

- More Appointments available
- Appointments earlier in the morning
- Lunch time appointments
- Seeing the correct clinician

If you have any questions please speak to a receptionist who can give you more information about this exciting development.
